# THE BARN RESTAURANT & BAR

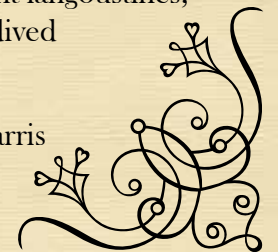

---

As islanders, we appreciate the importance of buying locally and where possible we choose Scottish suppliers and ingredients. Our fish and shellfish is caught or farmed in Argyll. Our red meats are always Scottish. Our puddings are homemade using local ingredients and Scottish recipes. Our Cheese Board is always Scottish and our Raspberry Ripple and Tablet Ice Creams are from the Isle of Arran. We even make our own Tablet! Do check our Scottish Blackboard Specials - as Oban is known as the Seafood Capital of Scotland - you'll often find locally grown mussels, creel caught langoustines, Scottish salmon and hand dived scallops on offer.
